LAW AND GOVERNANCE

TAYLOR'sphere™

SCHOOL OF LAW AND GOVERNANCE

Bachelor of Laws (Honours)
Bachelor in Philosophy, Politics and Economics (Honours)

WHY LAW & GOVERNANCE AT TAYLOR'S

The School of Law and Governance is committed to training students in an environment that is not only challenging and thought-provoking, but at the same time, supportive of their needs and the needs of the profession. This includes not just the legal profession, but also the broader field of governance. Leveraging on our reputation as a premier Law school for the last 30 years, we take our responsibility of nurturing future legal and governance professionals very seriously.

Our purpose is to produce law graduates with outstanding professional skills and high ethical value who meaningfully contribute to society by humanising the law. We endeavour to train our graduates to become lawyers who will inject the human element of "life and soul" into the black letter of the law. The School also offers programmes in Governance, equipping students with the tools to navigate the political, philosophical, and economic forces that shape effective governance.

YOUR FUTURE IS OUR PRIORITY

We ensure that our students are in touch with current and future trends and are well-equipped to embrace the challenges and opportunities the ever-evolving landscape presents.

PRIORITISING RESEARCH-BASED LEARNING

**THE CENTRE FOR RESEARCH
IN LAW & DEVELOPMENT
IN ASIA (CRELDA)**

Committed towards the research and development of law in our society

CRELDA aims to provide an avenue for law lecturers in Taylor's University to support and collaborate with each other to produce research outputs on legal issues in the Asian context.

CRELDA's primary purpose is undertaking research and organising public discourses on contemporary legal issues to advance legal knowledge and develop the profession, ultimately benefiting the society in which we live. To this end, **CRELDA** publishes the Journal for the Centre of Research and Development in Asia (The **CRELDA** Journal) every year.

LEXICON

School of Law and Governance has its own newsletter – Lexicon. The newsletter gives our students a chance to showcase their research and writing skills through the contribution of academic articles, which are written, compiled and edited by the students themselves.

REAL-WORLD EXPERIENCE

MOOTING & DEBATING

Moots and debates are essential exercises that students are required to participate in during their study at School of Law and Governance. These exercises give them an opportunity to hone their presentation skills and enable them to think on their feet.

THE TAYLOR'S DIALAWGUES SERIES

The Lecture Series is open to both students and staff, and touches upon specialised areas of law not usually covered during classroom study.

COLLOQUIUMS

The law colloquiums not only raise awareness on current issues but also enable students to address social, economic, cultural, civil and political issues affecting our society at large. These colloquiums provide a platform for students to research, present, and debate these issues, ultimately broadening their perspectives and enhancing their appreciation for the law.

FIELD TRIPS

Students regularly participate in visits to the courts, Attorney General's chambers, prisons and the Parliament, to gain exposure to law in action and to help them gain a deeper insight into the legal practice.

TAYLOR'S IMPACT LAB STUDENT ACTIVITIES

Taylor's law students engage in community presentations, where they share their legal expertise with diverse audiences, actively contributing to the betterment of the community.

COMMUNITY OUTREACH

We encourage our students to actively contribute their time and effort to the community's needs and participate in community service activities, such as fundraising, visits to charitable organisations and also offer pro bono legal advice. These activities shape individuals who excel as legal professionals but remain sensitive towards the community's needs and rights.

LAW BALL

Our students organise the Annual Law Ball to network amongst themselves and the Law School alumni. It is also an opportunity for them to enjoy an evening of dance and fun. Students and lecturers are also recognised for their contribution during the Law Ball.

LAW AWARENESS EVENT

The Law Awareness Week serves as a platform for the public to address their concerns on various legal matters in areas involving rights of community groups, through the Legal Aid Centre at Taylor's and participating Non-Governmental Organisations (NGOs).

NICHOLAS LAI

Partner of Jason Teoh & Partners

I graduated from Taylor's and am now a partner in Jason Teoh & Partners. How the course has been structured really helped me. They would constantly organise talks and events where lawyers would come in and we'd be able to interact and get real-life experience. That's the distinctive factor with Taylor's – making sure we are industry-ready, not just exam-ready.

MULTIDISCIPLINARY LEARNING EXPERIENCE (MLE)

With the implementation of compulsory multidisciplinary projects across all its undergraduate programmes, students gain a good footing in disciplines beyond their own, while collaborating and learning from their peers.

MLE Project: Fake News Detection Among Law, Computing and Business Students in Times of COVID-19

This project has provided insights to understanding and ascertaining the nature and severity of COVID-19 false news and efficacy of the Government's counter measures in addressing this issue. It assisted in enhancing the development of false news verification on social media with regards to legal rules and news related to COVID-19 as well as its application in industrial settings using crowdsourcing.

MLE Project: Company Law Legal Literacy and Advice Consultation for Business Start-Ups for Young Entrepreneurs

This project provided opportunities for law students to furnish legal information and advice to prospective young entrepreneurs in the business school during their business start-up phase.

The collaboration provided an opportunity for the young entrepreneurs to enhance their legal knowledge in the setting up of business entities. It also helped the young entrepreneurs familiarise themselves with important legal rules and regulations. The project enables the reduction of legal risks and increases the exchange of experience between the legal and entrepreneurship spheres.

BECOME FUTURE-PROOF

GLOBAL AND LOCAL COLLABORATIONS WITH OUR LEGAL PROFESSION ADVISORY PANEL (LPAP)

NETWORKING WITH INDUSTRY

The School regularly organises networking events with industry members, including an event that provides students a taste of the centuries-old dining traditions of the Inns of Court in the United Kingdom. These events enable students to meet and engage with some of the country's legal giants.

TOP OF THE CLASS

Our students have been awarded first class honours degrees in the top universities overseas.

ACADEMIC AWARDS & RECOGNITION BY THE LEGAL PROFESSION

The Academic Awards Ceremony organised by the school is attended by our law students, alumnus, representatives from legal firms, and members of the LPAP, as well as the School's staff and invited guests.

During this ceremony, the Legal Profession recognises our outstanding students with Book Prizes and Internship opportunities for their excellent academic performance.

STRONG LEGAL PROFESSION LINKAGES

The Legal Profession Advisory Panel (LPAP) comprises the most prestigious law firms in Malaysia and the Bar Council, ensuring that teaching and learning initiatives at the School are of high quality and students are equipped with the required intellectual, professional as well as personal attributes that are demanded by the Bar and the Bench, and define the legal profession.

Our Legal Profession Partners also provide support to our programme, through book prizes for top students, judging our Moots and Law Debates, sponsoring the School's major events, and securing attachment and pupillage for our students in the top legal firms.

ATTACHMENTS

In order to ensure that our law students are equipped with relevant skills to complement their textbook knowledge, we encourage them to spend their vacations on attachments with law firms, legal aid centres, the Attorney General's chambers or Non-Governmental Organisations.

WORLD-CLASS STANDARDS & FACILITIES

As your vested partner throughout your education journey, future-proofing you is our priority. To do that we ensure our law students are given the opportunity to experience the field globally and to view law through both a local and international lens. We also ensure we upkeep our standards and facilities, to be nothing less than world-class!

SUMMER COURSE ON THE MALAYSIAN LEGAL SYSTEM

The Summer Course on the Malaysian Legal System provides an avenue for foreign students to observe and understand the Malaysian legal system, which also includes an internship placement at a local legal firm. This exchange programme provides a unique opportunity for our students to engage in international discourse with their peers from various parts of the world and gain better understanding of the legal systems and practices in different countries.

TAYLOR'S LEGAL AID CENTRE

The centre was officially launched in collaboration with the Malaysian Bar Council in March 2011 as a community service project to provide pro bono legal advice to the Taylor's Community (i.e. students and staff) and also to residents around Subang and Sunway.

The aim of the centre is to provide clinical legal education to our students as well as opportunities for research and networking. The areas of law that the centre handles are Family, Landlord and Tenant, Employment, Finance and Consumer-related matters.

INTERNATIONAL OUTLOOK

School of Law and Governance organises various activities and events for students to foster greater international exchange and promote the understanding of global issues. Participation in these activities ultimately creates lawyers who are globally aware and geared to excel on a global platform.

MOOT COURT

A replica of the courtroom, designed to simulate court environment and procedures to provide a more realistic experience for students when they practice in court after graduation. Mooting exercises are compulsory for second year students.

It was exciting to be exposed to mock trial sessions at Taylor's. In five weeks, I learned so much-drafting, conducting research, interacting with real clients, networking and summarising regulations.

OVERSEAS STUDY TRIPS

Our overseas study trips educate the students about foreign laws and legal systems, while providing an opportunity to appreciate the differences between foreign and Malaysian legal institutions. Students get to experience foreign cultures and lifestyles, as well as cultivate social skills and teamwork.

TAYLOR'S VORTEX XR LAB

Taylor's University has expanded its education from classroom and online lectures into the virtual world of extended reality (XR). XR is an emerging umbrella term describing current immersive technologies, namely augmented reality (AR), virtual reality (VR) and mixed reality (MR). The lab facilitates the virtual co-presence of learners and participants in a virtual metaverse.

Students, lecturers and staff can enter into a world where they can experience complete liberation from screen-bound experiences and venture into XR.
