TAYLOR'S UNIVERSITY

RISE WITH THE BEST AND GRADUATE IN DEMAND

Since its inception in 1969, Taylor's has continuously provided excellent services for its students in terms of diverse study options, relevant curriculum and teaching methods, ongoing partnerships with leading universities worldwide, strong industry linkages, up-to-date facilities and well-equipped campuses.

Taylor's University nurtures its students in the three aspects of intelligence: intellect, practical wisdom, and craft through its Taylor'sphere ecosystem of flexible curriculum, innovative pedagogy, multidisciplinary projects, impact-based research, as well as networks with peers and alumni.

VICE-CHANCELLOR & PRESIDENT'S MESSAGE

Taylor's University is a reputable and leading private education institution in Malaysia. With more than 50 years of experience in the education scene, we remain steadfast in fostering excellence in education, innovation, and the holistic development of our students. We infuse our research, education, and advocacy with purpose and meaning to empower our community in pursuing their passion and purpose, thus leaving a positive impact to their surrounding community.

Our prime location exposes our diverse student body from almost 100 countries to the nation's rich cultural landscape and attracts the brightest and most creative students from around the world. Our students come together to create a vibrant and exciting community that supports a wide range of sporting, cultural and leisure activities, which have become the hallmark of the Taylor's experience – cultivating a positive campus environment.

We hope that Taylor's University will be your higher education institution of choice as we remain committed in our stance as a leading institution that is equipped to empower its students to address the challenges of the modern world. Most importantly, let us work together driven by the limitless potential within our community to ensure that when you graduate, you are ready to create your own pathway to excellence and become a productive leader of change.

We look forward to seeing you at Taylor's Lakeside Campus.

Warmest Regards,
Professor Barry Winn
Vice Chancellor and President,
Taylor's University

CHART YOUR EDUCATION PATH

DEGREE PATHWAYS

Our 4-year engineering programmes are fully accredited by Malaysian Qualifications Agency (MQA) and Engineering Accreditation Council (EAC), Board of Engineers Malaysia. They are also recognised by the National Academy of Engineers (USA) and recognised by local and United Kingdom's Institution of Mechanical Engineers (IMechE), Institution of Engineering and Technology (IET), and Institution of Chemical Engineers (IChemE).

The curriculum is made up of 3 distinct sections.

Year 1

In year 1, a student will be introduced to how engineers design and build an engineering system using various tools and techniques which includes the CDIO™ framework and 3-D printing. You will also learn fundamental mathematics knowledge applicable to all engineering disciplines and have the opportunity to savour a variety of modules through our complementary study options.

Years 2 & 3

In these 2 years, a student will acquire discipline-specific knowledge and skills relating to their engineering field of choice, while continuing to experience engineering design in both years.

Year 4

In year 4, students will apply their engineering knowledge and skills to solve real-world, industry-related, complex engineering challenges and projects through discipline-specific group projects and an individual, research-oriented final year project.

Project-Based Learning

This pathway is applicable to all students who enrol into any engineering degree at Taylor's University. To be part of the below pathways, students will be required to meet additional requirements. Our pedagogy of choice, project-based learning requires our students to work in teams to design and build an engineering system every year.

Taylor's Grand Challenge Scholars Programme (TGCSP)

This pathway was designed for students who are looking to diversify their learning, enhance their soft-skills and gain international exposure. Students who successfully complete the TGCSP will receive an endorsement letter from the National Academy of Engineering, USA upon graduation.

Engineering Undergraduate For Industrial Adoption (EUFORIA)

EUFORIA is an industrial adoption programme that requires students to work on a real-life industrial challenge/project offered by a multinational corporation (MNC) at least once a year. Upon the successful completion of each year, EUFORIANs would receive a completion certificate from the MNC and would be offered an internship programme and employment with the same MNC. This pathway was designed for students who want to immerse themselves in industry early on in the undergraduate journey.

WHY ENGINEERING AT TAYLOR'S?

Taylor'sphere, our balanced ecosystem of community, facilities and features, is focused on equipping students with intellect, creativity and practical wisdom to graduate in demand for the ever-evolving landscape. Your journey in engineering studies as a Taylorian will be immersed within this ecosystem that will empower your aspirations and enable you to rise with the best, where our community is our strength.

Since its inception in 1996, Taylor's School of Engineering has a holistic view of engineering education called Engineering+ that embeds industry and research throughout the curriculum and student experience, grooming engineers who are poised to become leaders and innovators of the industry.

"Emphasizing leadership at the undergraduate level in engineering is critical for success,"
- John L. Anderson, President of the National Academy of Engineering (NAE)

ENGINEERING+

GRAND CHALLENGES SCHOLARS PROGRAM

We are the 1st university outside of USA to run a Grand Challenges Scholars Program (GCSP) approved by the National Academy of Engineering (NAE), USA.

EUFORIA

Our industry-immersion programme, Engineering Undergraduates FOR Industrial Adoption. Our industry partners offer a fixed number of positions to high-performing students, adopt them for 4 years, thus completing 2 to 4 real life industry projects.

EMFORIA

The curriculum's modules, which are integrated into the program, lead to industry certification upon the achievement of particular grades for a given set of modules.

EUFORIA XTREME

The programme is designed for selected students to undergo a 6-month internship with a reputable industry partner and still graduate within 4 years.

YOUR FUTURE IS OUR PRIORITY

We ensure that our students are in touch with current and future trends and are well-equipped to embrace the challenges of the 4IR.

MULTIDISCIPLINARY LEARNING EXPERIENCE (MLE)

Taylor's is one of the pioneer institutions in the region to implement compulsory multidisciplinary projects across all its undergraduate programmes. Multidisciplinary solutions go beyond just collaborating, but rather having a good understanding of learning necessities across various disciplines against being discipline-specific which will no longer be enough. One of the key platforms is Taylor's Engineering Fair where students get to showcase their works to the campus community, industry members and visiting academicians.

TAKING THE LEAD

Outside of USA, Taylor's School of Engineering is the first in Southeast Asia to adopt the CDIO™ Initiative and register with the Grand Challenge Scholars Program (GCSP), enabling us to create engineers who can meet real-world demands and provide solutions for the betterment of humankind.

INNOVATIVE EDUCATIONAL FRAMEWORK

The school grooms engineers with a 'big picture' view, through the implementation of the CDIO™ Initiative. We are also the first school outside USA to be registered with the Grand Challenge Scholars Program (GCSP), which aligns our teaching and learning with the real-world challenges identified by the National Academy of Engineering (NAE).

IGNITING ENGINEERING PASSION

We aim to produce passionate future engineers who dare to dream and challenge conventions in the field of engineering. Students are encouraged to explore and discover new dimensions through personalised and project-based learning both in and beyond the classroom.

RESEARCH-DRIVEN EDUCATION

We are led by a strong research culture, embedded within a curriculum that is designed to address real-world challenges. Continuous research and exploration activities create engineers who understand the implications of their work on society and the future.

STRONG INDUSTRIAL ALLIANCES

Our strategic ties with leaders of the engineering community, ensure that we deliver industry-relevant programmes that are aligned with the latest innovation in the profession. EUFORIA is a programme that gives our engineering students an opportunity-of-a-lifetime to join a reputable organisation and gain invaluable experience.

TAYLOR'S CURRICULUM FRAMEWORK (TCF)

Breaking conventions to bring you the first-of-its-kind framework in Malaysia that allows you to mix and match modules to customise your degree.

WORLD-CLASS STANDARDS, FACILITIES & ENVIRONMENT

Students at Taylor's School of Engineering have access to the latest technology and state-of-the-art-facilities.

PERSONALISED AI-POWERED LEARNING

As one of Malaysia's pioneering institutions in AI-driven innovation, we offer personalised one-on-one 24/7 tutoring, focused Q&A sessions, assessments and instant feedback, supported by our AI teaching assistant. Students enjoy an engaging experience that encourages self-directed growth and better understanding.

RESEARCH- DRIVEN EDUCATION

JOURNAL OF ENGINEERING SCIENCE & TECHNOLOGY (JESTEC)

The Journal of Engineering Science and Technology (JESTEC) is an open access journal published by Taylor's School of Engineering. JESTEC publishes and disseminates original peer-reviewed research articles, reviews and discussions on the latest developments in all fields of engineering, science and technology. JESTEC is indexed by Scopus - the number one database in the world for indexing high-impact research.

Taylor's University provided me with the high-quality education that the engineering board looks for. I learned how to work effectively, emphasizing the professionalism that the engineering field demands.

Jang Kyung Moon
Bachelor of Mechanical Engineering (Honours)

Being able to work on projects that delivered tangible change here at Taylor's inspired me to be the best engineer I could be.

Constructing off-grid solar panels to power the learning opportunities of children through EduHaven showed me how my actions could help communities for the better.

Rishen Murali
Bachelor of Electrical and Electronic Engineering (Honours)

EURECA

In their 4th year of undergraduate study, all SOE students must embark on a key research project which is aligned with their research cluster objectives.

The SOE organises an annual Engineering Undergraduate Research Catalyst (EURECA) Conference, where each student will present their research paper as a prerequisite for graduation.

The structure of the engineering programme here taught me core engineering skills through various projects and prepared me for the wide range of responsibilities an engineer would be entrusted with on the job.

Sean Malik

Bachelor of Chemical Engineering (Honours)
Consultant Engineer FM Global

TAYLOR'S ENGINEERING FAIR **PROMOTING MULTIDISCIPLINARY** LEARNING EXPERIENCE

Every semester, Taylor's School of Engineering organises an Engineering Fair that showcases the students' works to the campus community, industry members and visiting academicians. This is an avenue for students to demonstrate their technical skills and knowledge, and increase their exposure to aspects of marketing, event organisation and project management.

If you're being advised by persons with the same background and experiences as you, you are missing important input.

Former president of National Academy of Engineering

APPLICATION OF NATURAL FIBRES IN ACOUSTIC PANEL

This project explored the opportunities to commercialise natural products such as coir, corn, oil palm fibres and their waste, for general use. These products are found to be good sound absorbers at certain frequency bands. (Grand Challenge 14)

LOW COST WASTE WATER TREATMENT

Through this project, students proved the potential of egg shell powder as a low-cost, environmentally friendly absorbent for removal of Acid Blue 9 (textile dye). (Grand Challenge 5)

QUADROCOPTER

This project aimed to design a cost-efficient, aerodynamically and mechanically designed, 4-rotor helicopter to counter the disadvantages of a conventional helicopter. The quadcopter was installed with autopilot and long-range camera for navigation and rescuing operations. (Grand Challenge 13)

MIND-CONTROLLED WHEELCHAIR

This thought-operated machine was designed to aid the disabled or elderly, and includes additional features such as a canopy, LED light, siren and camera. It is operated using EEG (Electroencephalography) - the decoding of brain waves. (Grand Challenge 11)

I was part of the Taylor's Racing Team, which exposed me to the commercial world and the industry. As the Marketing and Sponsorship Director of the project, I had to deal with people from various industries including motorsports. Not only did I acquire knowledge of the industry from the professionals, I was also able to gain knowledge of marketing and sponsorship, as well as polish my communication skills.

Yap Wai Kit

Bachelor of Mechanical Engineering (Honours)
Leasing Manager at Ikano

The project-based learning challenged me to work outside my comfort zone and to grow in confidence, leadership, and work ethic. The opportunity I had to present a paper at MIT also gave me the foundation required during my PhD candidature.

Yvonne Lim

Bachelor of Chemical Engineering (Honours)
Program Developer - Epic Collective

The problem-solving skills that I have acquired through ongoing projects helped provide me with the framework to solve various challenges faced in my work, which is key to becoming a successful engineer.

Jonathan Chin Eu Tsun

Bachelor of Electrical and Electronic Engineering (Honours)
Design Validation Engineer

CDIO™ INITIATIVE

The CDIO™ Initiative was pioneered by the Massachusetts Institute of Technology (MIT), together with leading engineering schools in USA, Europe, Canada, UK, Africa, Asia and New Zealand to address the gap between industry needs and the quality of engineering graduates.

Students are instilled with engineering fundamentals in the context of the whole product life cycle (Conceiving–Designing–Implementing–Operating), and are able to:

- Master a deeper working knowledge of the technical fundamentals
- Lead in the creation and operation of new products and systems
- Understand the importance and strategic value of research work

Taylor's University School of Engineering is the first Malaysian university to be accepted into this prestigious collaboration, joining the ranks of elite institutions like MIT, Stanford University and University of Sydney.

CDIO™ International Conference 2013, Boston, USA

Training & Sharing Session with Vietnam National University

LINC International Conference 2013, Boston, USA

International CDIO™ Conference 2011, Lyngby, Denmark

CDIO™ CONFERENCES AND TRAININGS

The faculty and students participated in various conferences and training events organised as part of the CDIO™ Initiative, which facilitated the sharing of best practices and knowledge exchange as well as networking among leading institutions.

- The European-UK & Ireland Annual Meeting of the CDIO™ Initiative 2021
- CDIO™ International Meeting 2020, online
- CDIO™ 2020 Asian regional meeting in Ulaanbaatar, Mongolia
- CDIO™ International Meeting 2019
- Latin American Regional Meeting
- CDIO™ faculty development workshop - Aachen
- 15th International CDIO™ Conference at Aarhus University
- CDIO™ 2019 Asian Regional Meeting
- Inspirational lecture/workshop: Introduction to developing Engineering Education with CDIO™
- The EU & UK-NI CDIO™ Regional meeting, La Rochelle (France)
- CDIO™ Faculty Development Course, Implement the CDIO™ approach in your course
- CDIO™ International Working Meeting Fall 2018, 25-26 October in Delft
- CDIO™ 2018 Asian Regional meeting
- CDIO™ 2018 European Regional meeting
- CDIO™ 2017 Fall meeting
- CDIO™ 2017 Latin America Regional meeting
- 13th International CDIO™ 2017 Conference in Calgary, Canada

The Taylor's School of Engineering encouraged me to propose new ideas and challenge the norms. It also gave me the opportunity to explore real-world challenges.

NATIONAL ACADEMY OF ENGINEERING (NAE) GRAND CHALLENGE SCHOLARS PROGRAM

First Malaysian university outside of USA to offer the Grand Challenge Scholars Program (GCSP) recognised by the National Academy of Engineering (NAE), USA.

The GCSP is a combined curricular and extra-curricular programme with five components that are designed to prepare students to be the generation that solves the grand challenges facing society in this century.

The Grand Challenges are a call-to-action and serve as a focal point for society attention to opportunities and challenges affecting our quality of life.

MULTIDISCIPLINARY LABORATORIES

The SOE's multidisciplinary laboratories are designed for engineering students from all specialisations to come together, collaborate, learn and gain exposure to the different aspects of their engineering study.

LABORATORY / WORKSHOP

DESCRIPTION

SIMULATION MODELLING CENTRE

Has powerful computers enabling students to simulate real-life challenges using software. The knowledge gained can be used to predict and improve the behaviour of engineering systems.

AUTOMATION & ROBOTICS LABORATORY

Enables teams to collaborate on developing robotic and automation solutions that enhance the precision and efficiency of manufacturing facilities.

COMMUNICATION & CONTROL LABORATORY

Trains students to understand the principles behind building wireless communication systems and various automatic control systems.

ENERGY & FLUIDS LABORATORY

Enhances understanding of the behavior of fluids and the processes involved in energy conversion and transfer.

INNOVATION & PROTOTYPING LABORATORY

This one-stop station enables students to take products from the drawing board to the real world. Computer-aided designs are used together with the computer numerical control milling machine and the rapid prototyping machine.

MANUFACTURING WORKSHOP

This workshop is equipped with all the necessary machinery such as milling, lathe, drilling, grinding and welding machines needed to manufacture metal artefacts.

MATERIALS & SOLIDS LABORATORY

Designed to perform experiments and research different aspects and properties of solid materials, including automotive, smart materials and building materials for heavy industries.

PROCESSES & REACTIONS LABORATORY

Facilitates the study of various chemical processes and reactions, to develop skills that are highly required by the oil and gas, food, pharmaceutical, and cosmetics industries.

CHEMICAL ENGINEERING RESEARCH LAB

Supports the research-led teaching activities of the school, and provides the space for final-year students to carry out their research.

UNIT OPERATIONS LABORATORY

Allows students to perform experiments of unit operations such as filtration, condensation, separation, and evaporation, which are used in various industrial applications.

3D MODELLING & PRODUCT DESIGN STUDIO

Enables frontier research in 3D printing material, encouraging design and prototyping.

GLOBAL & LOCAL COLLABORATIONS WITH OUR INDUSTRY ALLIANCES

In our efforts to bridge the gap between academia and industry, the School of Engineering has established strategic partnerships with key players in the engineering community, creating mutually beneficial relationships with industry leaders

INDUSTRY ADVISORY PANEL

The programmes taught at SOE are kept relevant through our close association with members of the industry, who form the School's Industry Advisory Panel (IAP). The panel meet regularly with our faculty members to review and refine our curriculum and programme content.

Our IAP members consist of leading local and multinational corporations:

EUFORIA

Taylor's University Engineering Undergraduate for Industrial Adoption Programme (EUFORIA) is a unique programme that allows selected SOE undergraduate students pursuing their degree in Chemical Engineering, Electrical & Electronic Engineering or Mechanical Engineering, a 'once-in-a-lifetime' opportunity to study while preparing themselves for a career with a leading employer.

Under the EUFORIA partnership, the employer will adopt a group of students carefully selected by both the SOE and the organisation.

This exciting programme provides opportunities for students to attend 3 months of industrial training with the partner organisation.

Participants will enjoy the following:

- Students have the opportunity to engage in design projects, overseen by both the Industrial Supervisor and the School of Engineering's Academic Supervisor, in line with the school's curriculum.
- A recognition letter upon the completion of project. Internship Placement subject to meeting the organisation's hiring criteria.
- The chance to experience working on a Final Year Project (FYP) with the organisation, where available.
- A job offer upon graduation, subject to fulfilling the organisation's recruitment criteria.

The industrial placement was a good opportunity to improve my technical knowledge, especially on embedded systems. For my project, I programmed a microcontroller to have different functions. This wholesome experience improved my knowledge, enabled me to apply myself, and also showed me the ropes of working in the industry.

Aminath Saadha

Bachelor of Electrical and Electronic Engineering (Honours)
PhD Candidate, Kyoto University, Japan

The EUFORIA project has provided me with substantial industrial knowledge and exposure. This interesting experience has better prepared me for my future career.

GLOBAL CONNECTIONS

LEADERS

IN THE
GLOBAL
COMMUNITY

STUDENT EXCHANGE

Taylor's is strongly committed to its mission of empowering the youth of the world through education, so that they may take their productive places as leaders in the global community.

As one of Malaysia's oldest, most successful and reputable private education institutions, Taylor's provides quality education and exposes students to the vast possibilities that await them beyond the classroom walls.

SHORT TERM MOBILITY

Through its partnerships with international universities and industry members, Taylor's is committed to providing an outstanding educational experience, guiding and helping students realise their potential to obtain a world-class qualification that meets the requirements of a dynamic, global marketplace.

GLOBAL EXCHANGE EXPERIENCES

SCAN TO
LEARN MORE

Are you eager to become a global citizen, broaden your horizons, and enrich your international perspective? Taylor's Global Mobility Programme provides students with the opportunity to widen their international exposure allowing students to gain new knowledge and skills in an area that is of interest to them thus benefiting from a multi-disciplinary learning environment and give their Taylor's degree an international edge.

TAYLOR'SPHERE CONNECTIONS & SUPPORT

RESEARCH AND TECHNOLOGY INNOVATION

Taylor's University has a firm footing in research and technology innovation as we believe these efforts will contribute towards knowledge building and assist in the development of the industry and society at large now and for the future. We adopt a progressive outlook, embedding research components throughout our programmes and encouraging them at various levels in each faculty.

OUR RESEARCH CENTRES PLAY A CRUCIAL ROLE IN ELEVATING THE CAPABILITIES OF OUR FACULTY MEMBERS THROUGH VARIOUS TRAINING ACTIVITIES AND TECHNOLOGY, MAKING US WORLD-CLASS.

BACHELOR OF CHEMICAL ENGINEERING WITH HONOURS

4-Year
Programme

KPT/JPS (R3/0711/6/0025) (MQA/FA8741) 05/32

INTAKE: FEBRUARY, APRIL & SEPTEMBER

This programme is designed to equip students with a sound understanding of fundamental theories and concepts in chemical engineering, primarily the knowledge to transform raw materials into useful products efficiently and safely, with minimal environmental impact.

Primary Core

Year 1

- Engineering Mathematics and Modelling I
- Engineering Mathematics and Modelling II
- Engineering Design and Analysis
- Programming Techniques
- Thermofluid Engineering I
- Fundamental of Chemical Process Analysis

Year 2

- Sustainable Development in Engineering
- Engineering Design and Project Management
- Biochemical Processes
- Heat and Mass Transfer
- Flexible Studies (Choose Minor OR Free Electives package)

Specialisation 1:

- Smart Manufacturing
- Additive Manufacturing
- Advanced Manufacturing Systems
- Internet of Things
- Big Data Technologies

Specialisation 2:

- Sustainability in Engineering
 - Renewable and Alternative Energies
 - Decarbonisation Technology
 - Fuel Cell and Hydrogen Energies
 - Engineering Economics and Environmental Impact
- Choose 1 (ONE) specialisation

Year 3

- Separation Processes
- Chemical Engineering Thermodynamics and Simulation
- Process Control and Instrumentation
- Process Plant Design and Economics
- Advanced Heat and Momentum Transfer
- Chemical Reaction Engineering
- Specialisation Module
- Industrial Training

Year 4

- Final Year Engineering Project I
- Final Year Engineering Project II
- Chemical Engineering Group Project I
- Chemical Engineering Group Project II
- Professional Engineers and Society

104 Credit Hours

University Core

- Social Innovation Project
- Falsafah dan Isu Semasa
- Emotional Intelligence in Action (EI)
- Kursus Integriti dan Antirasuah (KIAR)
- Penghayatan Etika dan Peradaban / Bahasa Melayu Komunikasi 2

*Students are requested to take Bahasa Kebangsaan A if they do not obtain a Credit for Bahasa Malaysia in SPM.

12 Credit Hours

Flexible Studies

Choose ONE (1) of the below packages:

Minor

Recommended Packages:

- Entrepreneurship
- Robotics Design
- Project Management

Choose any Minor package* offered by Taylor's University. Refer to the Flexible Study Guide for the list of Minor packages.

or

Free Electives

Choose any FIVE (5) Free Electives* offered by Taylor's University. Refer to the Flexible Study Guide for the list of Free Electives.

*Subject to availability

*Meet min. module pre & co-requisite

Note :

Primary Core + University Core + Minor = Min. 4 Years (136 Credit Hours)

WHAT OUR SCHOLARS SAY

KEERAT KAUR WATHAN
*Taylor's Talent
Scholarship*

Being a Taylor's scholar is immensely fulfilling, opening doors for me academically and in extracurriculars. I made many friends through our Scholars' Club where I learned soft skills and life lessons to take with me, wherever I go.

EMIR RUSYAIDI
*Taylor's Sports
Scholarship*

My scholar's experience has granted me countless networking, financial, and social advantages in my journey as a Taylorian! It opened up unimaginable horizons in upskilling as well as meeting other high achievers in a well-knit community.

ELISHA PAULRAJ
*Taylor's Community
Scholarship*

My journey at Taylor's helped me grow with the confidence that I can rely on experienced individuals even when mistakes are made. The scholarship gave me exposure to diverse cultures and thinking, something I will always be thankful for!

GERMAINE HEW
*Taylor's World Class
Scholarship*

I led a fulfilling life at Taylor's with the scholarship, completing my internship at a prestigious company (Maybank), a stepping stone towards my career aspiration. Thankful too for the valuable experience through activities such as the Maybank Student Ambassador Programme!

ACHIEVEMENTS

EDUCATION EXCELLENCE RECOGNISED THROUGH OUR ACCOLADES

ADVANTAGES OF BEING A SCHOLAR

SCHOLAR'S CLUB

Join a distinguished community of high achievers like yourself. Collaborate with individuals who share your passions and aspirations, opening doors to potential collaborations, lifelong friendships, and invaluable networking opportunities that extend well beyond your scholarship years.

HIGHLY COMPETITIVE SELECTION

Our scholarships are awarded only to the most outstanding candidates. Being selected signifies your exceptional achievements and sets you apart from others. This recognition not only boosts your confidence but also serves as evidence of your exceptional abilities to future employers.

AMBASSADOR FOR THE INSTITUTION

Represents Taylor's values and achievements and acts as an exemplary student towards peers who upholds the values of Taylor'sphere.

ADDED VALUE FOR RESUME

Elevate your resume with the prestigious scholarship accolade. Make employers recognise your dedication to excellence, opening doors to coveted job positions, internships, and advanced educational pathways.

RECOGNITION AS A TOP-QUALITY GRADUATE

Our scholarship recipients gain the attention of industry leaders who acknowledge their potential. This recognition brings forth mentorship opportunities, access to influential networks, and potential collaborations.

FINANCIAL FREEDOM

Benefit from a waiver throughout the standard programme duration, allowing you to focus on your studies, embrace additional learning experiences, and even explore internships, fostering a holistic educational journey.

LIFE & LEADERSHIP SKILLS BUILDING

Engage in activities that foster life and leadership skills, vital for personal and professional success. Our scholars develop communication, teamwork, and problem-solving skills through hands-on experiences, ensuring you graduate not only academically competent but also well-equipped for real-world challenges.

INTRODUCTION TO FINANCIAL AID

Taylor's offers various forms of financial assistance, including scholarships, awards, and bursaries, which support our students throughout their studies.

SCHOLARSHIP

Scholarships are exclusively available to both Taylor's College and Taylor's University students for their chosen programme. Students may apply for the scholarship(s) at the point of enrolment should they meet the minimum eligibility and academic criteria. Shortlisted candidates will undergo assessments and interviews.

EXCELLENCE AWARD

The Excellence Award is a prestigious recognition of academic achievements. Students may attain the eligible quantum on a fast-track basis upon application based on their academic results.

BURSARY

The bursary is a form of discount that will be provided to students depending on their eligibility which will be advised by the appointed Counsellors at the point of enrolment.

FINANCIAL AID IMPORTANT INFORMATION

TAYLOR'S SCHOLARSHIP APPLICATION PROCESS

- Merit Scholarship • Talent Scholarship • Sports Scholarship • Community Scholarship
- PPE Exclusive Scholarship • Postgraduate High Achiever Scholarship
- ACCA Scholarship • Young Accountant Scholarship

*Applicable to selected scholarship(s) only

Notes:

1. Should you meet the scholarship eligibility criteria, kindly reach out to the appointed Counsellors to obtain an application form.
2. Scholarships are only available for Malaysian and Taylor's Education Group (TEG) progression International students.
3. For International Students, kindly check with the appointed Counsellors on the available scholarships.

UNDERGRADUATE SCHOLARSHIP TERMS & CONDITIONS

1. Scholarships listed are applicable for 2025 intakes only and are subject to availability on a first-come, first-serve basis.
2. Scholarships are applicable for all Malaysian students that hold academic results from any accredited institution in Malaysia or selected overseas institutions with selected qualifications (i.e. IGCSE, Cambridge A Level) and Taylor's Education Group (TEG) progression international students only. Clarification on accepted results may be obtained from the Scholarships Management through the student's appointed Counsellor.
3. Scholarship application can only be made once for the particular level of study, at any one time and must be made at the point of enrolment, before the application deadline. Late application or re-application will not be entertained.
4. All 2025 scholarships are subject to the following eligibility criteria:
 - i. Studies conducted at Taylor's College/Taylor's University, Malaysia only;
 - ii. Registered full-time students at Taylor's College/Taylor's University;
 - iii. The programme and intake offered as stated in the Letter of Offer only; and
 - iv. Does not include a period of study at overseas partner institutions including student exchange, except where fee is payable to Taylor's College/Taylor's University (where applicable).
5. All scholarships are only applicable for students progressing to a higher qualification from the current highest achieved qualification commencing from semester 1 without any credit transfer (except for transfers from Diploma/Advanced Diploma to Degree). Clarification on exceptions may be obtained from the Scholarships Management through the student's appointed Counsellor.
6. Application for the scholarships may be submitted based on actual/forecast/trial results. For SPM students, only actual/trial results shall be considered eligible for the scholarship application, whereas, for IGCSE students, only actual/forecast results shall be considered for the same purpose.
7. If forecast/trial results are used in the application, the actual results must meet the minimum programme entry requirements as stipulated by Taylor's College/Taylor's University and a copy must be furnished to Taylor's College/Taylor's University as soon as the results are out. Upon actual results being released, in the event the recipient fails to meet the minimum programme entry requirements, the recipient is required to leave the programme and the scholarship offer will be automatically revoked.
8. All subjects taken during SPM will be considered except for:
 - i. 1119 (GCE-O)
 - ii. Principles of Accounting Dual Certification (LCCI)
 - iii. Ujian Pencapaian Bahasa Antarabangsa (UPBA).
9. For IGCSE syllabus, KBSM grades will not be taken into consideration if the same subject has already been taken in IGCSE.
10. For any other examination, all subjects are taken into consideration with the following exceptions:
 - i. Same/Similar subjects from different examination boards (e.g. Cambridge and Pearson) will be treated as one (1) subject for awarding purpose, where the highest grade applies;
 - ii. For language subjects, where two (2) subjects with varying level of proficiency are taken either from the same or different examination board, it will be treated as one (1) subject for awarding purposes, where the highest grade applies.
- Clarification on accepted subjects may be obtained from the Scholarships Management through your Counsellor.
11. Applicants must be certain of their preferred intake and/or programme during the point of scholarship application. Should applicants defer or change to a different programme and/or intake of the same year or different year during the processing period, the application will be voided.
12. Applicants are required to apply for the scholarship before the application deadlines. Any late or incomplete application will not be accepted. No appeals will be entertained.
13. Scholarship application deadlines may be revised at the sole discretion of Taylor's College/Taylor's University without prior notice. Application deadlines can be found on the Taylor's College/Taylor's University website respectively.
14. The scholarships are applicable to the programme and intake granted. Any changes to the intake and/or programme of study that result in the modification of programme title and/or duration of studies and/or intake commencement will result in immediate termination of the scholarship. For special consideration, the recipient shall correspond in writing immediately with the Scholarships Management to notify of the circumstance. Any approval for exceptions or special considerations is at the absolute discretion of the Scholarships Management and is not guaranteed. Where changes are made without prior approval, Taylor's College/Taylor's University reserves the right to withdraw the scholarship, and the recipient will be required to repay the total scholarship amount disbursed to him/her in full. All decisions made by Taylor's College/Taylor's University are final and no further appeals shall be entertained.
15. Recipients are expected to provide any document(s) as requested by the Scholarships Management at any given time within the stipulated deadline communicated to facilitate any requirements deemed necessary by Taylor's College/Taylor's University. Failure to do so will result in the scholarship being revoked and the recipient to repay the scholarship amount disbursed to date in full.
16. Recipients shall join the academic course at the given start date. Failure to do so will result in immediate termination of the scholarship.
17. The duration of the scholarship is up to the standard programme duration or until the completion of study period specified by Taylor's University/Taylor's College, whichever is earlier. No extensions are allowed.
18. The scholarship is a fee waiver; it is not exchangeable for cash, is non-transferable and non-refundable and the manner in which the awarded amount is disbursed will be decided by the Scholarships Management. Any requests to amend the quantum disbursement will not be entertained.
19. The scholarship only covers the tuition fees and for avoidance of doubt does not cover fees such as the International Student Annual Fee, EMGS Visa Application Fee, International Student Charge, Hospitalisation and Surgical Insurance Fee, EMGS Renewal Fee or any other Visa-related Fee.
20. The scholarship only covers subjects enrolled for the first time (first attempt) in the letter of offer. Retake of module or repeat of subject will not be covered by the scholarship, and the fees chargeable for any retake or repeat will be borne by the recipients.
21. All fees which are on the account of the students should be paid by the stipulated deadline. Refusal to do so either when awaiting the scholarship outcome announcement and/or throughout the duration of study will be subjected to terms of the institution policy which includes and is not limited to barring from classes and may result in the scholarship application being disqualified/scholarship being terminated and full fees being charged to the applicant/recipient.
22. Recipients are entitled to one (1) type of scholarship/bursary/award/waiver/discount at any one time including sponsorship from other external institutions/bodies. Recipients shall inform the Scholarships Management of any other scholarships or sponsorships currently held or awarded at a later date. For scholarship recipients, this disbursement will cease in the event recipients accept any external scholarship. The one with the highest quantum will automatically apply.
23. If the scholarship offer is not accepted by the given deadline in the letter of offer, it will be automatically withdrawn and voided. No appeals will be entertained.
24. By accepting this offer, recipients understand and accept the responsibility of being an exemplary student ambassador for Taylor's College/Taylor's University. Recipients must recognise that his/her behaviour and general conduct must, at all times, be above reproach and comply with all existing rules, regulations, requirements and policies of Taylor's College/Taylor's University. Recipients should not be involved, engaged in, or participate in any politic, illegal or unlawful activity as a recipient of the scholarship whether within or outside the University premises. Failure to comply will result in immediate termination of scholarship and possible suspension in line with Institution policy.
25. Recipients agree to act in an ambassadorial capacity, to provide student profiles or testimonials, interviews, advertisements, photographs, or any other publicity-related activities if requested, and to attend scholarship or recruitment events as required for Taylor's College/Taylor's University.
26. By accepting this award, recipients are expected to join the Scholar's Club and attend any Scholar's Club activities/events organised by the Scholarships Management and Scholar's Committee during the duration of their scholarship and attendance is a requirement under this scholarship.
27. Recipients also agree to indemnify and hold Taylor's College/Taylor's University harmless of and from any and all demands, claims, liabilities or actions of any kind whatsoever during their period of study at Taylor's College/Taylor's University.
28. In the event the recipient withdraws from the programme, is suspended or terminated by Taylor's College/Taylor's University at any point of time before the completion of the programme, the scholarship shall be automatically terminated. However, should the recipient withdraw from the programme due to medical reasons, his/her scholarship may be retained, subject to the absolute discretion of the Scholarships Management.
29. Taylor's College/Taylor's University, will be entitled to terminate the scholarship at any time, by immediate notice to the recipient in writing, in the event of:
 - i. misconduct, whether in connection with his/her study or otherwise;
 - ii. failure to make such progress in his/her study as is considered satisfactory;
 - iii. circumstances, such as illness, arising which, with the university's agreement, would render it impossible for the recipient to complete his/her scholarship satisfactorily or prevent the purpose of the scholarship from being fulfilled;
 - iv. dismissal, for any reason, from the recipient's host university (if on student exchange programme);
 - v. breach of any local Malaysian law and practices;
 - vi. conviction of bribery, in line with the Malaysian Anti-Corruption Act, the current scholarship will be rescinded, and the recipient will be banned from applying for any Taylor's financial aid and discounts for a period of up to five years;
 - vii. failure to comply with the conditions of his/her visa (if international student); and
 - viii. the discovery that the recipient has submitted fraudulent documentation.
30. In the event of such termination, Taylor's College/Taylor's University shall have no further obligation to the recipient, and the recipient shall be bound to repay the amount that has been paid/waived to him/her under the scholarship, unless:
 - i. the termination is a result of his/her ill health and this has been certified by a registered medical practitioner; and
 - ii. Taylor's College/Taylor's University has exercised its discretion to exempt the recipient from this condition.
31. No delay or forbearance by Taylor's College/Taylor's University to enforce any of its rights and remedies for breach by the recipient of any of these terms and conditions shall in any way affect or prejudice Taylor's College/Taylor's University rights or remedies in respect of such breach, nor will Taylor's College/Taylor's University rights and remedies in respect of any other or subsequent breach of these terms and conditions by the recipient be affected or prejudiced.
32. Recipients are required to maintain satisfactory academic results as outlined by the minimum CGPA/score/grades specified in their scholarship offer letter throughout the standard programme duration. Failure to do so may result in the termination of the scholarship by Taylor's College/Taylor's University at the discretion of the Scholarship Management, taking into consideration due process as per the Scholarship policy.
33. Any breach of the scholarship condition(s) is treated seriously and if the recipient believes to have breached a condition whether intentionally or unintentionally, the recipient should contact the Scholarships Management immediately to discuss the situation. Recipients are urged to take prompt action to resolve any misunderstanding that may arise as a result of the breach, accidental or otherwise.
34. All decisions made by Taylor's College/Taylor's University are final and no further appeals shall be entertained.
35. Taylor's College/Taylor's University maintain a range of social media platforms intended to facilitate interaction among scholars and alumni. Comments and participation in discussions are encouraged, with an emphasis on open and meaningful debate. All users are expected to observe appropriate standards of conduct and uphold the principles of respectful, polite, and constructive discourse at all times.
36. Recipients agree to be contacted by Taylor's College/Taylor's University after graduation to be involved in interviews, advertisements, photography or other publicity-related activities for marketing purposes.
37. The terms and conditions of scholarships may be modified and amended from time to time as deemed appropriate by Taylor's College/Taylor's University and the current version can be found on the Taylor's College/Taylor's University website.
38. Upon accepting this scholarship, recipients are deemed to have accepted all terms and conditions stipulated here.
39. All information including personal data provided in the programme and scholarship application may be used by or on behalf of Taylor's College/Taylor's University in the following manner and is not limited to:
 - i. processing of scholarship application, collection of feedback, communicate details of events, academic programmes and marketing information, and for any other purposes as required by Taylor's College/Taylor's University; and
 - ii. periodical audit by Taylor's College/Taylor's University with regards to any information provided should the scholarship be administered, which includes and is not limited to grade reviews, semester status, and utilisation of data for institution needs.
- All data collected will be handled in strict accordance with the PDPA guidelines as per organisation policy.
40. Effective 1 July 2025, a 6% Service Tax will be imposed on non-Malaysian citizens, applicable to all fees and charges related to education services, except International Security Deposit and EMGS application fees. Fees shown in the Fee Schedule are exclusive of the 6% Service Tax. The Service Tax rate and taxable fee components are subject to change as determined by government regulations.
41. In accordance with prevailing Malaysian tax regulations, Service Tax (if applicable) shall be imposed on the full value of taxable fees and charges, prior to the application of any scholarships, bursaries, awards, or discounts. All non-Malaysian citizens shall bear this tax liability in full. Recipients are therefore advised to factor in the Service Tax on the total (undiscounted) amount when calculating the net amount payable to Taylor's College/Taylor's University.

AWARDS AND BURSARIES TERMS & CONDITIONS

1. Awards listed are applicable for 2025 intakes only and are subject to availability on a first-come, first-serve basis.
2. Awards are applicable for all students that hold recognised academic results from accredited institutions in Malaysia. Malaysians from selected overseas institutions with selected qualifications (e.g. IGCSE, Cambridge A Level) may be considered. Clarification on accepted results can be obtained from the Scholarships Management through the student's appointed Counsellor.
3. All 2025 awards are subject to the following eligibility criteria:
 - i. Studies conducted at Taylor's College/Taylor's University, Malaysia only;
 - ii. Registered full-time students at Taylor's College/Taylor's University;
 - iii. The programme and intake offered as stated in the Letter of Offer only; and
 - iv. Does not include a period of study at overseas partner institutions including student exchange, except where fee is payable to Taylor's College/Taylor's University (where applicable).
4. Application for the Award may be submitted based on actual/forecast/trial results. For SPM students, only actual/trial results shall be considered eligible for the Award application, whereas, for IGCSE students, only actual/forecast results shall be considered for the same purpose. The latest available results will be considered at the point of processing.
5. If forecast/trial results are used in the application, the actual results must meet the minimum programme entry requirements as stipulated by Taylor's College/Taylor's University and a copy must be furnished to Taylor's College/Taylor's University as soon as the results are out. Upon actual results being released, in the event the recipient fails to meet the minimum programme entry requirements, the recipient is required to leave the programme and the award offer will be automatically revoked.
6. All awards are only applicable for students progressing to a higher qualification from the current highest achieved qualification commencing from semester 1 without any credit transfer (except for transfers from Diploma/Advanced Diploma to Degree). Clarification on exceptions may be obtained from the Scholarships Management through the student's appointed Counsellor.
7. Award application must be done before the intake closing date. An exception is provided to students who receive their results after the intake closing date, whereby award application or upgrade may be done within 10 working days from the results release date, which may include online results, provisional results, or any other form of formal/recognised confirmation of results. Application and/or upgrade form must be filled and submitted with the results copy attached to Campus Central at campuscentral@taylors.edu.my before the stipulated deadline. The application and/or upgrade form may be obtained from the student's appointed Counsellor or from Campus Central.
8. All award applications and upgrades can only be done once.
9. Should the documents provided not be sufficient at the point of processing, Scholarships Management reserves the right to request the necessary additional supporting documents which must be provided within the stipulated deadline for further review. Failure to do so will result in the Award application being null and void.
10. The award shall be in the form of a tuition fee waiver; it is not exchangeable for cash, is non-transferable and non-refundable and the manner in which the awarded amount is disbursed may vary by programme and will be decided by the Scholarships Management. Any request to amend the quantum disbursement will not be entertained.
11. The award is applicable in long semesters only and is limited to the maximum deduction subject to quantum awarded. For avoidance of doubt, in long semesters where the tuition fees are lower than the awarded quantum, deductions made shall be equivalent to the semester's tuition fees only.
12. All subjects taken during SPM will be considered except for:
 - i. 1119 (GCE-O)
 - ii. Principles of Accounting Dual Certification (LCCI)
 - iii. Ujian Pencapaian Bahasa Antarabangsa (UPBA).
13. For IGCSE syllabus, KBSM grades will not be taken into consideration if the same subject has already been taken in IGCSE.
14. For any other examination, all subjects are taken into consideration with the following exceptions:
 - i. Same/Similar subjects from different examination boards (e.g. Cambridge and Pearson) will be treated as one (1) subject for awarding purpose, where the highest grade applies;
 - ii. For language subjects, where two (2) subjects with varying levels of proficiency are taken either from the same or different examination boards, it will be treated as one (1) subject for awarding purposes, where the highest grade applies.
- Clarification on accepted subjects may be obtained from the Scholarships Management through the student's appointed Counsellor.
15. Recipients must meet the minimum programme entry requirements and the award requirements as stipulated by Taylor's College/Taylor's University.
16. The awards are applicable to the programme and intake granted. Any changes to the intake and/or programme of study that result in the modification of programme title and/or duration of studies and/or intake commencement will result in immediate termination of the award. For special consideration, the recipient shall correspond in writing immediately with the Scholarships Management to notify of the circumstance. Any approval for exceptions or special considerations is at the absolute discretion of the Scholarships Management and is not guaranteed. Where changes are made without prior approval, Taylor's College/Taylor's University reserves the right to withdraw the award, and the recipient will be required to repay the total award amount disbursed to him/her in full. All decisions made by Taylor's College/Taylor's University are final and no further appeals shall be entertained.
17. The award only covers the tuition fees and for avoidance of doubt does not cover fees such as the International Student Annual Fee, EMGS Visa Application Fee, International Student Charge, Hospitalisation and Surgical Insurance Fee, EMGS Renewal Fee or any other Visa-related Fee.
18. The award only covers subjects enrolled for the first time (first attempt) in the letter of offer. Retake of module or repeat of subject will not be covered by the award, and the fees chargeable for any retake or repeat will be borne by the recipients.
19. All fees which are on the account of the students should be paid by the stipulated deadline. Refusal to do so either when awaiting the award outcome announcement and/or throughout the duration of study will be subjected to terms of the institution policy which includes and is not limited to barring from classes and may result in the award application being disqualified/award being terminated and full fees being charged to the applicant/recipient.
20. Recipients are encouraged to contact Scholarships Management with any enquiry regarding deductions prior to remitting payment for the respective semester should there be any. All requests submitted after payment or upon graduation will not be entertained.
21. Recipients are entitled to one (1) type of scholarship/bursary/award/waiver/discount at any one time including sponsorship from other external institutions/bodies. Recipients shall inform the Scholarships Management of any other scholarships or sponsorships currently held or awarded at a later date. The one with the highest quantum will automatically apply.
22. By accepting this award, the recipient agrees to indemnify and hold Taylor's College/Taylor's University harmless of and from any and all demands, claims, liabilities or actions of any kind whatsoever.
23. All awards offered by Taylor's College/Taylor's University to any students are at the absolute discretion of Taylor's College/Taylor's University and no further appeals shall be entertained.
24. Taylor's College/Taylor's University reserves the right to rescind the offer if documents contain false information. This includes applications without required attachment(s).
25. Any late or incomplete application will not be accepted.
26. The terms and conditions of awards may be modified and amended from time to time as deemed appropriate by Taylor's College/Taylor's University and the current version can be found on the Taylor's College/Taylor's University website.
27. Upon accepting this award, the recipient is deemed to have accepted all terms & conditions stipulated here.
28. All information including personal data provided in the programme and award application may be used by or on behalf of Taylor's College/Taylor's University in the following manner and is not limited to:
 - i. processing of award application, collection of feedback, communicating details of events, academic programmes and marketing information, and for any other purposes as required by Taylor's College/Taylor's University; and
 - ii. periodical audit by Taylor's College/Taylor's University with regards to any information provided should the award be administered, which includes and is not limited to grade reviews, semester status, and utilisation of data for institution needs.
- All data collected will be handled in strict accordance with the PDPA guidelines as per organisation policy.
29. Effective 1 July 2025, a 6% Service Tax will be imposed on non-Malaysian citizens, applicable to all fees and charges related to education services, except International Security Deposit and EMGS application fees. Fees shown in the Fee Schedule are exclusive of the 6% Service Tax. The Service Tax rate and taxable fee components are subject to change as determined by government regulations.
30. In accordance with prevailing Malaysian tax regulations, Service Tax (if applicable) shall be imposed on the full value of taxable fees and charges, prior to the application of any scholarships, bursaries, awards, or discounts. All non-Malaysian citizens shall bear this tax liability in full. Recipients are therefore advised to factor in the Service Tax on the total (undiscounted) amount when calculating the net amount payable to Taylor's College/Taylor's University.
