What Our Students Say

Bernard Yap
American Degree Transfer Program (Computer Science major)

My most impactful experience at Taylor's is working with mentors at Taylor's Me.reka Makerspace (TMM), who provided me guidance, free resources, and tools to build Pinky the Umbrella Borrowing Machine, inspired by a random act of kindness.

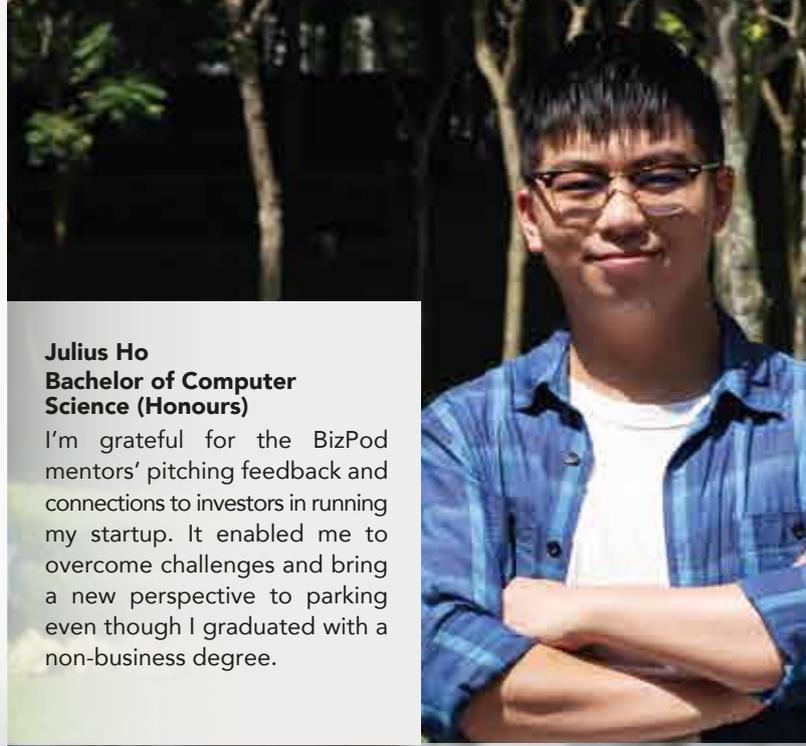

Jizen Loh
Bachelor of Mass Communication (Honours) in Public Relations and Marketing

My achievements in fencing got me Taylor's Sports Scholarship, for which I'm truly grateful. At Taylor's, I was able to fulfil my vision of creating affordable quality niche sports goods by collaborating with my peers and becoming an entrepreneur.

Zara Basyirah
Bachelor of Software Engineering (Honours)

At Taylor's, I led projects focusing on education equality and mental health. My lecturer even gave me the opportunity to lead a project hosting high school students for STEM exploration. Learning leadership skills helped me overcome challenges in leading my startup.

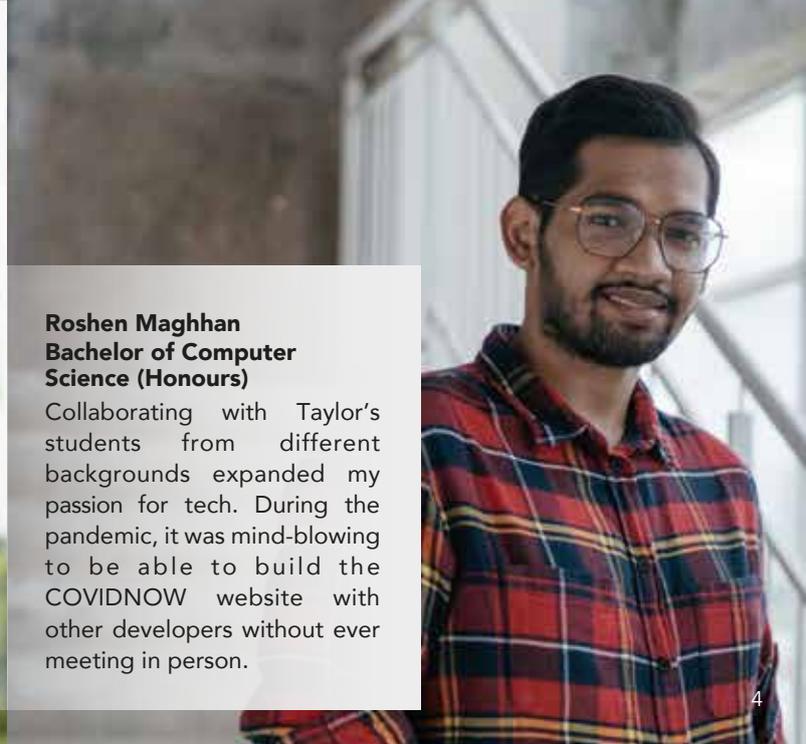

Julius Ho
Bachelor of Computer Science (Honours)

I'm grateful for the BizPod mentors' pitching feedback and connections to investors in running my startup. It enabled me to overcome challenges and bring a new perspective to parking even though I graduated with a non-business degree.

Clarification on accepted results can be obtained from the Scholarships Management through the student's appointed Counsellor.
- All 2026 awards are subject to the following eligibility criteria:
 - Studies conducted at Taylor's College/Taylor's University, Malaysia only;
 - Registered full-time students at Taylor's College/Taylor's University;

- Application for the Award may be submitted based on actual/forecast/trial results. For SPM students, only actual/trial results shall be considered eligible for the Award application, whereas, for IGCSE students, only actual/forecast results shall be considered for the same purpose. The latest available results will be considered at the point of processing.
- If forecast/trial results are used in the application, the actual results must meet the minimum programme entry requirements as stipulated by Taylor's College/Taylor's University and a copy must be furnished to Taylor's College/Taylor's University as soon as the results are out. Upon actual results being released, in the event the recipient fails to meet the minimum programme entry requirements, the recipient is required to leave the programme and the award offer will be automatically revoked.
- All awards are only applicable for students progressing to a higher qualification from the current highest achieved qualification commencing from semester 1 without any credit transfer (except for transfers from Diploma/Advanced Diploma to Degree). - All award applications and upgrades can only be done once.

Any request to amend the quantum disbursement will not be entertained.
- The award is applicable in long semesters only and is limited to the maximum deduction subject to quantum awarded. For avoidance of doubt, in long semesters where the tuition fees are lower than the awarded quantum, deductions made shall be equivalent to the semester's tuition fees only.

Any approval for exceptions or special considerations is at the absolute discretion of the Scholarships Management and is not guaranteed. Where changes are made without prior approval, Taylor's College/Taylor's University reserves the right to withdraw the award, and the recipient will be required to repay the total award amount disbursed to him/her in full. - The award only covers the tuition fees and for avoidance of doubt does not cover fees such as the International Student Annual Fee, EMGS Visa Application Fee, International Student Charge, Hospitalisation and Surgical Insurance Fee, EMGS Renewal Fee or any other Visa-related Fee.
- The award only covers subjects enrolled for the first time (first attempt) in the letter of offer. Retake of module or repeat of subject will not be covered by the award, and the fees chargeable for any retake or repeat will be borne by the recipients.
- All fees which are on the account of the students should be paid by the stipulated deadline. Refusal to do so either when awaiting the award outcome announcement and/or throughout the duration of study will be subjected to terms of the institution policy which includes and is not limited to barring from classes and may result in the award application being disqualified/award being terminated and full fees being charged to the applicant/recipient.
- Recipients are encouraged to contact Scholarships Management with any enquiry regarding deductions prior to remitting payment for the respective semester should there be any. All requests submitted after payment or upon graduation will not be entertained.
- Recipients are entitled to only one (1) type of scholarship/bursary/award/waiver/discount at any one time, including sponsorships from external institutions/bodies.
